

Beautiful bellies

by

From the same artists you've seen at the Bronx Zoo and major events around New York City. For the past 25 years, AGOSTINO ARTS has brought uniquely creative body art to New York, challenging and transforming the ways in which a face can be painted.

Thanks again for the amazing experience...you gave me the most wonderful gift!" -Heidi, Brooklyn

Beautiful Bellies

Belly painting offers a mother-to-be the opportunity to celebrate her and her baby's transformation with an original, beautiful design. Though the paint will wash away, the experience and photograph will be cherished for a lifetime.

Custom hand-painted designs created in collaboration with some of New York's finest bodypainters.

Bellies can be painted in the comfort of your home, as a baby shower activity, or in a photographer's studio of your choice.

The make-up used is an FDA approved water based make-up that is very safe for both mommy and baby.

A gift certificate for a pregnant belly painting is a unique baby shower gift.
